

USED FAT LICKS TWO SHORTAGES!

Miss Anna Mae Loftus, Laboratory Assistant at National Oil Products Company, Harrison, N. J., shows how kitchen grease, scraped from skillets, skimmed from soups, melted down from table scraps, helps to make thousands of civilian and war needs—in this case—critically short paper. Left to right, Miss Loftus pours wax emulsion into a beaker containing wood pulp. Stearic acid, one of the by-products of used fat, is necessary in the manufacture of this wax emulsion. The processed pulp is then pressed into sheet size and when dried, is paper. Here's another reason for saving every drop of used cooking fat, and rushing it to the meat dealer for cash and extra ration points. It's needed now more than ever.

NEW SHOE STAMP

OPA District Director, Bernard C. Goodwin, announced yesterday in Roanoke that Airplane Stamp No. 4 in War Ration Book No. 3 would become valid as a shoe stamp on August 1. Airplane Stamps Nos. 1, 2 and 3 are valid indefinitely, he said.

It was pointed out that the increase in validation of stamps depends on the available supply of shoes. The last stamp validated for shoes was on November 1, 1944.

UNIVERSALLY POPULAR

The "Sunday School Lesson" published each week in this newspaper has been adopted by thousands of church instructors throughout the United States as a regular part of their weekly work.

It is a review and exposition of the international lesson for each week, prepared by Dean Harold L. Lundquist of the Moody Bible Institute at Chicago, a recognized leader in the nation's church work. Dean Lundquist has been active in teaching youthful groups for years, thereby acquiring an insight into the needs of these people for understandable explanations of Bible passages.

In view of his accomplishments in church work, it is not surprising that Dean Lundquist's exposition of the weekly Sunday School lesson is being used in almost every community of the nation. As teacher or student you will find it extremely helpful.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which women may have brought relief from the cramp-like agony and nervousness of functional periodic pain. Here's how it may help:

1. Taken like a tonic, it should stimulate the system, and give relief for the "blues" to come.
2. Started 3 days before "your time", it should help relieve the pain due to purely functional periodic causes. If it helps, you'll be glad you did.

CARDUI

Stonewall

Stonewall, July 17.—We have had such a nice rain to help the crops and gardens.

Rev. W. A. Clark will begin a revival at the Bethel Methodist Church on next Sunday, July 22. Preaching each evening, and twice on the Fifth Sunday.

Mrs. Anna Lee spent last week with her sister, Mrs. Lee Wheeler, and Mrs. Florence Carson.

Mr. and Mrs. J. D. Robertson and family, of Spout Spring, spent last Sunday with Mr. and Mrs. E. L. Carson.

Miss Fane Jennings spent Sunday with Elizabeth Lee Carter.

Miss Anne Corso expects to leave Saturday for Portsmouth to visit her sister, Louise Cason.

Miss Lizzie Rice, of Richmond, is visiting in the home of Mrs. S. E. Anderson.

Mrs. W. A. Parrow is visiting her father, Mr. H. L. Moore, who is very ill at his home here.

War Bond Dollars Are DOUBLE DUTY DOLLARS

It's Smart to Can all you Can!

WILL U. WORRY ASKS...

"How far from the end are you?"

"Every day more and more cars reach the end of the rope. Of course you don't know just how many miles are left in your car... But you do know you'll get less if you neglect it... and more if you give it care. Right now, in hot weather, care means good fresh summer-grade Esso Motor Oil... correct summer-protective lubrication... extra careful watch on battery and tires... Maybe you're nearer the end of your rope than you think. Let your Esso Dealer help you NOW to be sure of more miles of service later on!"

Be safe, not sorry... see your Esso Dealer

and SAVE THAT CAR!
